

# We Have Exciting News!

For your convenience, security and protection, you can now activate your FSB debit or ATM card and change your PIN by phone! Beginning February 12, 2018, simply call 1-800-992-3808 to change your PIN or activate your card more easily. If you have ever came by the Bank and changed your PIN, it may need to be reset. Here are some helpful suggestions:

- Should you encounter difficulty when using your debit card, simply request the card be run as credit. The funds will be taken from your designated account as usual.
- At any time, you may call 1-800-992-3808 to reset your PIN.
- Please remember, when you call to change your PIN or activate your card, for security purposes you may be asked to verify certain information on file.

It's simple! Remember, contact us if you have any questions so that we can help you with this exciting change.
